Dear Valued Customer:

In fourth quarter 2007, FIS announced a plan to spin off the Lender Processing business into a new company that will focus on serving the lender industry while enabling FIS to enhance its focus on the banking industry. The name of the new company is Lender Processing Services, Inc. (LPS). LPS has become widely recognized by our customer base and the market, which will allow for an efficient transition to an independent company. To view the LPS Corporate News page, [click here](#).

There will be no interruption in your service or structural change in our operations, and customer satisfaction will continue to be our top priority. Your current contracts, service agreements and indemnifications with FIS Flood Services remain in force. FIS Flood Services will amend its name to LPS National Flood within the next few months. We will give you advance notice prior to the name change. With the new name, LPS National Flood will continue to broaden the assortment of products and services for the Lending, Insurance, and Appraisal industries.

Please contact us with any questions or comments at (800) 833-6347 and dial 2 for Customer Service. For more information, please visit www.fisflood.com.
